Longevity Health & Wellness Hotel

Choosing Longevity means being proactive and making the right lifestyle and health choices today for a healthier, youthful, and longer life tomorrow. According to the best scientific knowledge available this approach is anchored on five fundamental pillars of Integrative Medicine: Preventive, Personalised, Holistic, Integrative, and Regenerative.

We aim to tackle and treat complex and chronic diseases before they occur. Therefore, we take into account an individual's unique genetic make-up as well as the influence that their modern lifestyle has on their health, looking at the underlying causes of disease and providing proper nutrition, diet, detoxification, and exercise tools and strategies as well as regenerative therapies not only to cure but foremost to prevent.

Our personalised and integrative approach helps us better understand how genetic, environmental, and lifestyle factors may affect your long-term health.

Our focus lies on the individual as a whole rather than on any existing disease. While we look at how the complex web of interactions between your history, physiology, and lifestyle may be at the root of certain health problems, we also consider the wider causes and influences, looking deeply at internal (mind, body, and spirit) and external (physical and social environment) factors that may be undermining your long-term health and well-being.

By integrating conventional Western medical practices with complementary medicine treatments, Wellness practices, and ancient Eastern wisdom, we can act decisively and effectively on any early warning signs. In addition to treating and preventing illness, Longevity is dedicated to inspiring you to unlock the formidable capabilities of your body and mind by promoting detoxification and regeneration of tissues, organs, and cells while rebalancing their energy fields.

Welcome to Longevity Alvor.

Colonic Hydrotherapy

Our intestines are permanently under stress due to our unbalanced nutrition, high level of processed foods, lack of vegetable fibre, high sugar and salt content, chemical additives and preservative agents. Our reduced chewing activity, fast eating habits and emotional stress cause digestive and intestinal dysfunction. Colon hydrotherapy is a therapeutic technique that helps to cleanse and eliminate the waste that accumulates in our intestines over the years. Using specialised and certified equipment, filtered water is introduced inside our intestine which aims to achieve the restoration of the balance of fluids, matter and gases. The removal of excess waste and exercise for the large intestine benefits absorption assimilation and elimination, which are fundamental to maintaining the health and well-being of the body and mind.

Premium Colonic Hydrotherapy with Probiotics (Intestinal Detox + Flora Rebalance)

75 min. € 225

The high concentration of probiotics introduced will strengthen and reinforce the population of the intestinal flora, as well as restore the balance of bacteria, bringing it to a normal, healthy state. Probiotics are especially useful for clients with IBS (Irritable Bowel Syndrome), gas, digestive problems, low immune defence, constipation and/or diarrhoea

Longevity Supplements

Prices below are for a 1-month supply.

Longevity believes that lifestyle changes towards a Wellness-driven way of life is the most sustainable strategy to optimise health and prevent disease.

However, modern life is associated with several daily aggressions, which cause stress to our wellbeing and immune system, and even a good practice of regular exercise and nutrition may not be enough to counteract their negative effects.

Longevity has developed a series of exclusive nutraceutical formulas based on the main areas of customer needs and the most appropriate substances and dosages for a high-impact complement to good Wellness practices.

Unlike most commercial off-the-shelf supplements, all Longevity formulae are characterized by:

- High quality pharmaceutical producer;
- Rigorous quality control with state-of-the-art technology;
- Supervised by highly qualified pharmacists;
- Free from preservatives, artificial flavouring and colouring;
- Vegan Friendly;
- The right combination of substances and concentrations for maximum effectiveness.

Cranial Sacral Therapy

50 min. € 175

Incorrect structural alignment of the cranial sacral system – pelvis, spine and head – can compress our nerves, causing painful muscle spasms that will impair the normal functionality of the body. This manual therapy, whose objective is to evaluate and improve the physiological function of the cranial sacral system that surrounds and protects the brain and spinal cord, attenuates and corrects abnormal tensions and dissipates the negative effects of stress on the central nervous system. It is a beneficial preventive therapy in supporting and reinforcing the natural resistance against the disease, indicated in any age group, and without contraindications. It improves conditions associated with pain and dysfunction, including: migraines, chronic pain, neurovascular coordination difficulties and the immune system.

VENUS LEGACY® - Slimming, Firming and Contouring
2 Sessions
€ 200

Exclusive Technology (MP)2 is the synergistic combination of Multipolar Radio Frequency and PEMF. The Multipolar RF and intelligent electrode coupling algorithm produce rapid and even heating for tissues at multiple depths, which promotes exceptional clinical results and comfortable treatments without patient downtime. A safe, pleasant and pain-free experience. Effective treatment in reducing abdominal circumference, improving cellulite and skin tightening, leaving your body more contoured and firm.

- Abdomen
- Thighs
- Buttocks
- Arms

CoolSculpting® - Fat and Tone Reduction Session

From € 650

CoolSculpting® is a non-invasive cryolipolysis treatment that eliminates up to 30% of the fat located in the treated area. It is a medical treatment, developed by scientists at Harvard Medical School and is the only cryolipolysis approved by the FDA (Food and Drug Administration) for safety and efficacy. It is a non-surgical procedure that allows you to achieve definitive results without resorting to liposuction. The results of CoolSculpting® are definitive, as the treated fat cells die, are eliminated, and the body does not renew them. However, as with any other non-invasive treatment for localized fat or liposuction, it is essential to have a healthy diet and exercise so as not to compromise the results.

VENUS LEGACY® - Anti-Wrinkle, Elasticity and Firmness

1 Session

€ 125

Exclusive Technology (MP)2 is the synergistic combination of Multipolar Radio Frequency and PEF. The Multipolar RF and intelligent electrode coupling algorithm produce rapid and homogeneous heating for tissue at multiple depths, which promotes exceptional clinical results and comfortable treatments with no patient downtime. A safe, pleasant and painless experience. Radiofrequency is an aesthetic treatment used to combat sagging of the face. It activates blood microcirculation and helps stimulate the production of new collagen fibres to eliminate wrinkles and expression lines, giving greater elasticity and firmness to the skin.

Medical Peelings

From € 200

It is an aesthetic treatment, done through intradermal microinjections of active biological substances, selected according to the needs of the facial skin. This method moisturises, stimulates cell renewal and collagen production, slowing down the ageing process. The skin is smoothed of superficial wrinkles and has a younger appearance.

Facial Express

25 min. € 80

A hydrating and invigorating facial treatment that leaves skin energized and glowing.

Facial Anti Ageing

50 min. € 125

A revitalizing and relaxing draining treatment that stimulates skin renewal to fight the signs of ageing.

Deep Skin Longevity “Detox & Repair” Facial

100 min. € 250

Facial Treatment that provides a deep Cleansing and Nutrition to the skin. Removes dead cells and roughness in the skin's texture, leading to increased collagen production, which will leave your skin more hydrated, radiant and rejuvenated.

Belkyra - Fat Reduction

From € 450

As we get older we find fat accumulating in the area below the chin commonly referred to as the “jowls” or “double chin”. However this fat accumulation may not be directly related to weight or lifestyle and may run in families as a genetic trait. Treatment with Belkyra will decrease the accumulation of fat in this area and will also help with jaw definition.

Radiesse

From € 400

Radiesse is an injectable product that stimulates the production of collagen in the skin. In addition to providing volume to the face, it increases its firmness and contour. There is a significant improvement in skin elasticity and tone.

Biostimulation Sculptra - Face or Body

From € 450

Sculptra® is a biostimulator that stimulates the natural production of the body's own collagen that will help to reduce sagging and increase the firmness, structure and support of the skin, whether face or body.

(Botulinum Toxin)

2 Zones from € 350

Cosmetic "Botox" is a purified, medically administered protein that reduces muscle activity decreasing frown lines for a smoother, more youthful appearance.

Magical Thread Facial Lift

Variable per Thread

A simple and safe procedure that uses dissolving PDO threads (Polydioxanone threads - a medical grade thread used for suturing for over 20 years) to rejuvenate the face without the need for surgery.

Facial Biostimulation with Platelet Rich Plasma (PRP)

From € 600

Advanced medical treatment to provide Skin Rejuvenation for the treatment of wrinkles, sagging and increased skin tone.

Laser Chrome

From € 250

The Laser Chrome is an advanced technology that combines precision and effectiveness for aesthetic and dermatological treatments. This versatile system is used in a wide range of procedures, including facial rejuvenation, reduction of blemishes, scars, rosacea, and collagen stimulation.

NaturaPeel® Treatment

From € 350

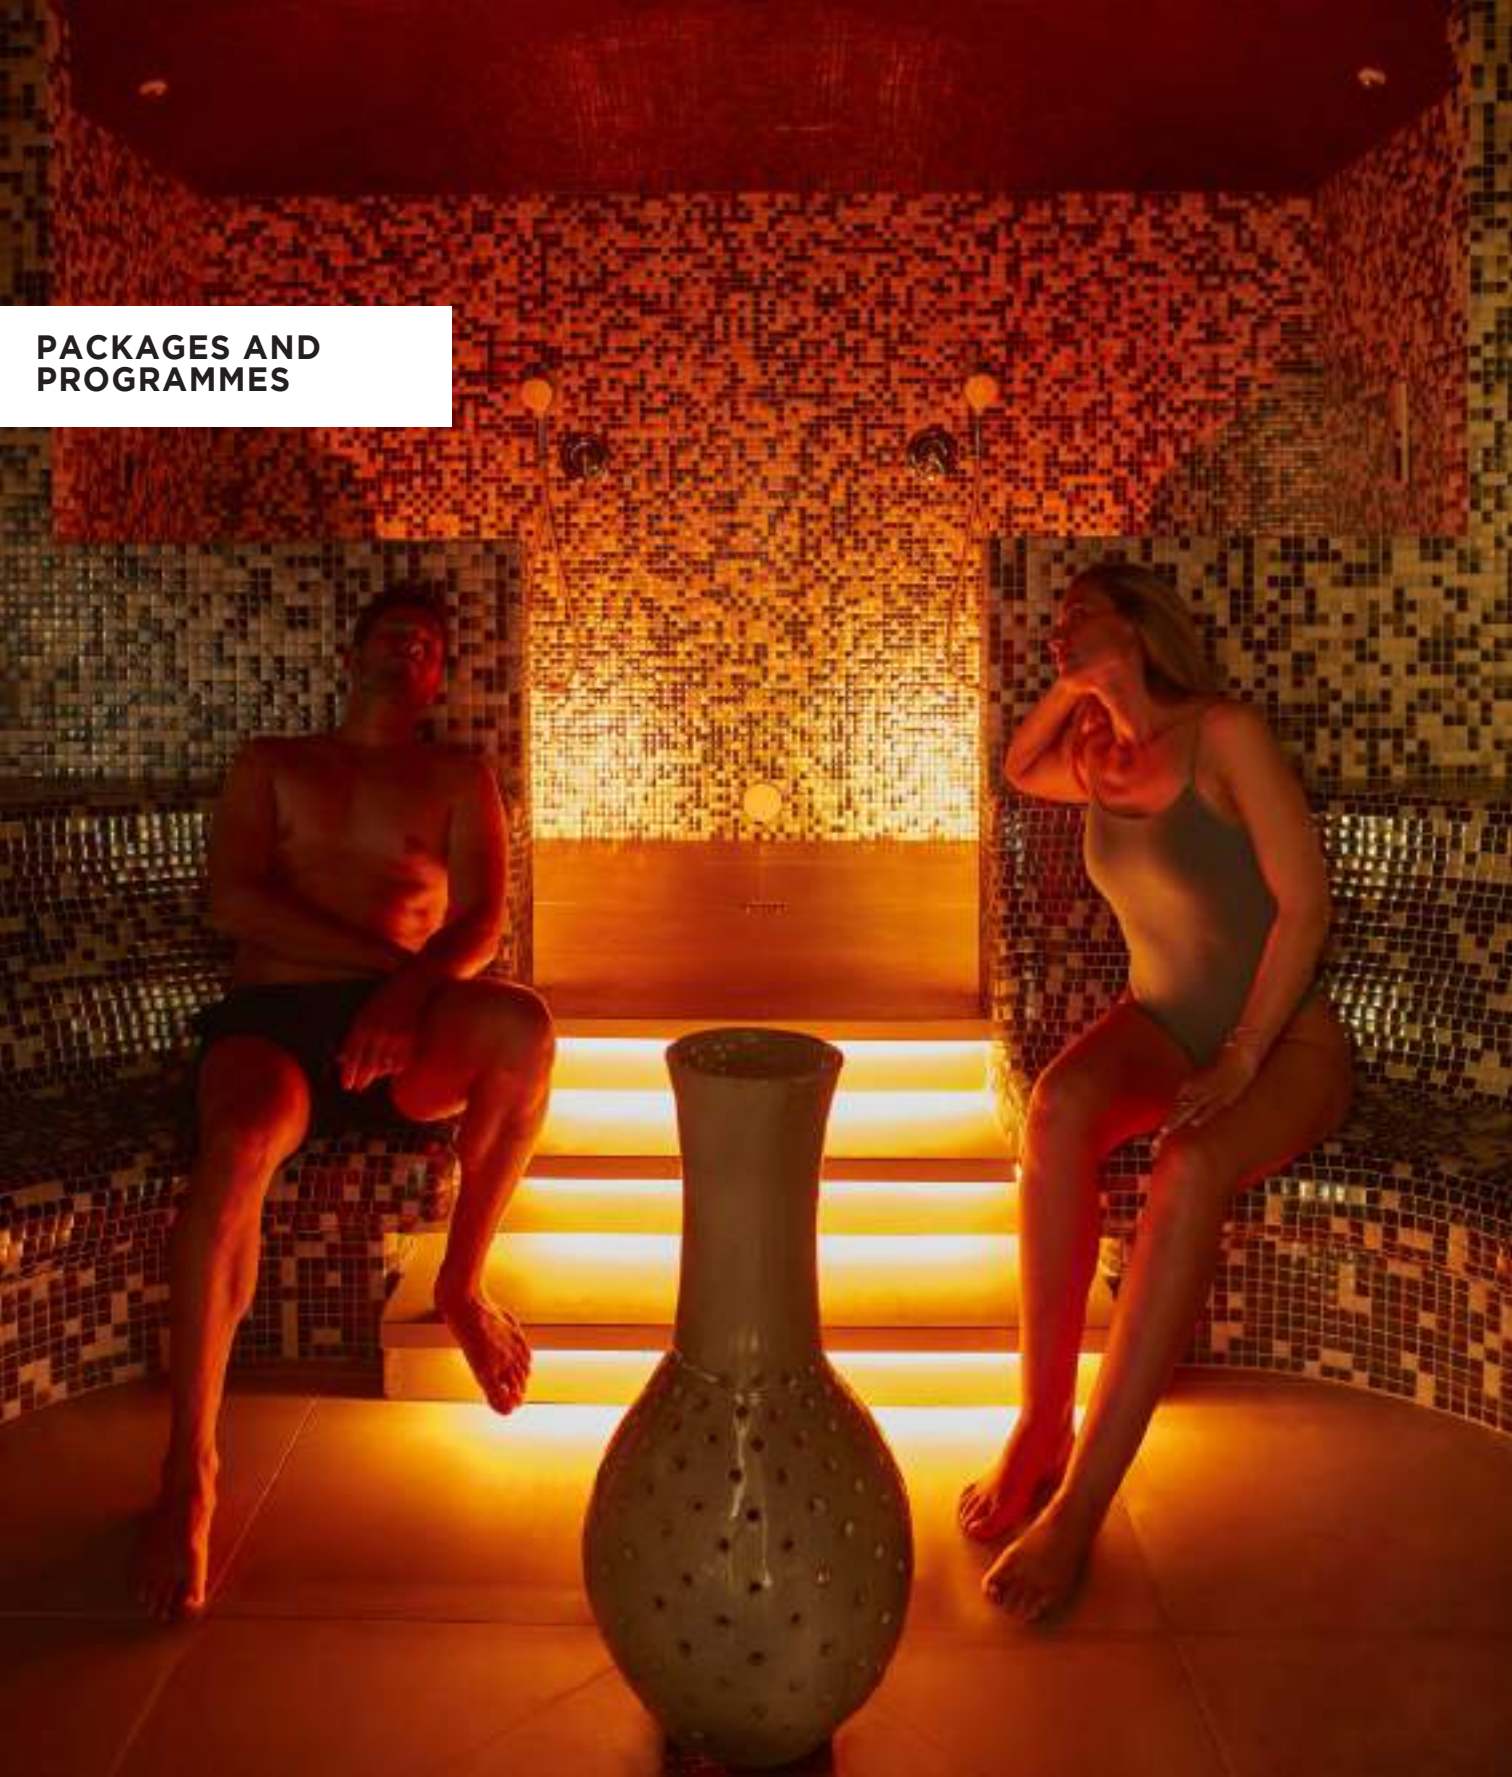

The NaturaPeel® is an innovative laser peel that uses a natural bamboo mask to enhance results. Safe and effective for all seasons, including summer, this treatment improves skin texture, minimizes enlarged pores, and provides an instant glow. Perfect for those seeking radiant and revitalized skin with no downtime.

Microneedling

From € 200

Minimally invasive technique that uses microneedles to stimulate the natural production of collagen and elastin. It helps improve skin texture and reduce scars (including acne scars), enlarged pores, fine lines and mild skin laxity.
